

Technical Data Sheet

CHEMZ IPA Cleaner

CMZ7033 (300ml)

Safe cleaner for electronic equipment

- Compatible with most materials
- Evaporates quickly, residue free

Chemz IPA Cleaner is a 99.9% pure, mild cleaner for all electronic, electrical, mechanical and optic equipment.

Chemz IPA Cleaner is a clear colourless liquid which has excellent compatibility with plastic and other materials.

Chemz IPA Cleaner evaporates quickly, leaves no residue and dries without spotting metal or glass surfaces.

Chemz IPA Cleaner effectively removes fat, oil, dust, grease, grime, condensed tobacco residue and light contaminants.

Chemz IPA Cleaner is perfect for mild but effective cleaning of electronics, avionics, optics, circuit boards, computers, photographic, keyboards, radios, printers, television, laboratory, ATM and EFTPOS machines.

Technical
Information:
